PFI distributors can:

- have an efficient and reliable drop-ship program that
significantly shortens lead times and have access to
product lines not available due to manufacturer's minimums
- decrease ship times to customers
- have professionally designed private label catalogs to
increase customer awareness and generate sales

Punch Up Your Storage Solutions

Three Common Punch-Deck Applications

Fire Protection

Designed for current fire codes

Product Friendly

Smooth surface prevents product damage

Uniform Strength

www.rackdeck.com

RACK DECK, Inc. introduces Punch Deck/50% Open Deck. Combining the best of two proven components — corrugated steel and open panels — Punch Deck/50% Open Deck offers the strength, function and economy of familiar solid surface decking. Its 50% open surface area is ideal for air flow, lighting and dispersion of sprinkler water, especially important in complying with new NFPA fire safety requirements. Punch Deck/50% Open Deck provides a smooth, flat surface for easy product handling. As always, fast quotes and fast delivery.

PFI partners with you to create lean initiatives within your sales department. You will reduce costs by relieving salespeople of their day-to-day activities such as calling manufacturers for pricing, tracking shipments, filing freight claims and researching products. These activities consume valuable time and take away from sales time spent in front of customers.

Shelving

Products For Industry

PFI inventories \$12-\$15 million of material handling and storage equipment products. We feature brands from over 400 manufacturers. An impressive 14,000 items are stocked in regional distribution centers for immediate shipping, eliminating or reducing your need to invest in warehousing or inventory. Our focus is being your single source distributor — empowering you to be a single source provider for your customer.

Torque Converters

American Industrial Transmission

Phone: 800-588-7515 for your next reman converter and judge for yourself.

Did you know that American Industrial Transmission is remanufacturing torque converters as well as transmissions? Our prices are competitive, but our product is a cut above. Look at the run out tolerance, examine the weld on the hub,

and you will be confident that your customer is getting a high quality component.
