info@unirak.com  
www.unirak.com

Do your customer a favor and get a quote on new uprights from UNIRAK. We manufacture our own rack, employ strict quality control and apply one of the best powder coat finishes in the industry. Our dealers rely on us, both for our Stock Solutions quick ship program, and for custom size, color, lead time dependant, and larger application rack made to spec.

## Torque Converters

### American Industrial Transmission

Phone: 800/588-7515 for your next reman converter and judge for yourself.

Did you know that American Industrial Transmission is remanufacturing torque converters as well as transmissions? Our prices are competitive, but our product is a cut above. Look at the run out tolerance, examine the weld on the hub, and you will be confident that your customer is getting a high quality component.

### Joseph Industries

Phone: 800/321-9983  
Fax: 330/342-3895  
www.joseph.com

Joseph Industries supplies new and remanufactured torque converters for material handling, light construction and ag equipment. Joseph Industries has the largest selection of Industrial Torque Converters in North America. Thousands of part numbers to choose from. Call Today!

## Training/Seminars/Test Equipment

### Flight Systems Industrial Products

1015 Harrisburg Pike  
Carlisle, PA 17013  
Phone: 800/333-1194 or 717/254-3747  
www.fsip.biz

FSIP remanufactures over 45,000 electric motor controllers annually and offers over 2,500 part numbers used on today's electric powered vehicles. We also manufacture conversion kits, test equipment and small run new parts for the GE aftermarket industry, conduct training schools, design printed training materials and videos for field service personnel.

## Transmission: New

### Joseph Industries

Phone: 800/321-9983  
Fax: 330/342-3895  
www.joseph.com

Joseph Industries offers a variety of new transmissions used in material handling, light construction and ag equipment. These units are in stock and ready to ship today. All transmissions are offered with a 6 month/1000 hour limited warranty. Call today!

## Transmission: Parts

### American Industrial Transmission

Phone: 800/588-7515 and let us show you our top notch customer service.

AIT offers quality remanufacturing for all of your industrial transmission needs. Whether you have an electric lift truck, a drilling rig, or a 50,000 lb capacity side loader, American Industrial Transmission will be happy to supply a remanufactured transmission with a comprehensive warranty. Our motto is "We Know Transmissions" and we do!

### Joseph Industries

Phone: 800/321-9983  
Fax: 330/342-3895  
www.joseph.com

Joseph Industries provides the highest level of customer service, technical support and quality products you would expect from any preferred supplier. Joseph Industries offers competitive pricing and large inventory with same day shipment on all stocked parts. From transmissions to engines, Joseph Industries has what you need! Call today – get the job done right tomorrow.

## Transmission: Rebuild Kits

### American Industrial Transmission

Phone: 800/588-7515 for pricing. AIT offers transmission rebuild kits for most models of lift trucks. Our kits were designed by our techs. They include all of the gaskets, oil seals, o-rings and seal rings. The ball bearings and tapered roller bearings, plus the friction discs and steel plates are in our kits. Pumps and control valve springs are in some kits, thrust washers are in others. We base our contents on our experience.

# J&L

J&L Wire Cloth LLC

268 West Water Street,  
St. Paul, MN 55107-2015

At J&L Wire Cloth, we carry a variety of standard sizes and gauges of wire rack decking, ready to ship as soon as you call. But if you need a custom fit for a unique area, we can create specialized decking and deliver it to you quickly. Why wait as much as 14 weeks for a shipment from overseas, when you can get top quality wire rack decking faster?

Call J&L Wire Products at **866.777.8607**, or visit **www.jlwire.com**. We're ready to give you the custom fit you need, fast.

## Transmission: Rebuild Kits

### Joseph Industries

Phone: 800/321-9983  
Fax: 330/342-3895  
www.joseph.com

Complete transmission overhaul kits are available for most popular transmission models. These overhaul kits are designed to save you time and money. Instead of wasting hours, identifying, sourcing and purchasing all of the many individual parts, our master overhaul kits allow you to order only one part number. Our master overhaul kits contain all of the wear parts needed to get the job done at a cost averaging 5-10% less than purchasing the parts individually. Call today – get the job done right tomorrow.

## Transmission: Remanufactured

### American Industrial Transmission

Phone: 800/588-7515 for pricing. AIT offers transmission rebuild kits for most models of lift trucks. Our kits were designed by our techs. They include all of the gaskets, oil seals, o-rings and seal rings. The ball bearings and tapered roller bearings, plus the friction discs and steel plates are in our kits. Pumps and control valve springs are in some kits, thrust washers are in others. We base our contents on our experience.

### Joseph Industries

Phone: 800/321-9983  
Fax: 330/342-3895  
www.joseph.com

Joseph Industries remanufactures transmissions using only the finest components available.

Every Joseph Industries remanufactured transmission goes through a complete disassembly, cleaning, inspection, re-assembly, and final "Hot Run" testing. Every part has been checked for wear against OEM specifications and tolerances. Wearable items such as bearings, seals and gaskets are ALWAYS replaced. All Joseph Industries transmissions carry a 6 month/1000 hour limited warranty. Ask about our remanufacture and return service. Call today!

**SEEKING DISTRIBUTOR PARTNERS**  
SEEKING GROWTH AND MARKET EXPANSION

Manufacturing and distribution facilities across North America in increasing numbers are converting their plants and warehouses to lean material handling methodologies. By reducing waste in the handling system, increasing material flow and improving safety and ergonomics for the workers, benefits flow directly to the customer's bottom line. Distributors who present this opportunity to their markets will expand sales at existing customers, add new accounts and improve margins. Become a partner with it all!
